PROFILE

Marine Surveyor with 5 years of experience in conducting comprehensive inspections and surveys of marine vessels and structures to ensure compliance with industry standards and regulations. Skilled in assessing vessel condition, evaluating safety systems, and identifying potential risks. Proficient in preparing detailed reports and providing expert recommendations for maintenance, repair, and improvements. Strong communication skills with a proven ability to collaborate with clients, regulatory agencies, and industry stakeholders. Committed to maintaining the highest level of professionalism, integrity, and technical excellence in the maritime sector.

EMPLOYMENT HISTORY

Marine Surveyor at Marine Surveyor AR, AR

May 2023 - Present

- Successfully assessed and surveyed over 50 marine vessels, identifying critical areas of improvement and ensuring compliance with international safety standards.
- Conducted comprehensive damage assessments for 10 major marine accidents, providing detailed reports and recommendations to stakeholders, resulting in a 30% decrease in future incidents.
- Led a team of junior surveyors in the completion of 25 pre-purchase surveys, helping clients make informed decisions and avoid potential financial losses.
- Improved the efficiency of surveying processes by implementing new technology and software, reducing the average survey time by 20%.

Assistant Marine Surveyor at , AR

Aug 2018 - Apr 2023

- Conducted over 100 comprehensive marine surveys on various vessel types, resulting in a 20% increase in company revenue within a two-year period.
- Successfully identified and rectified safety hazards on 50 commercial vessels, leading to a 30% reduction in reported incidents and accidents.
- Developed and implemented an efficient record-keeping system for the survey department, reducing time spent on administrative tasks by 40%.
- Spearheaded a training program for new hires, increasing employee retention rate by 25% and improving overall team efficiency.
