

Lauraine Pipitone

Math Teacher

Profile

Dedicated Math Teacher with 1 year of experience delivering engaging and effective instruction in various mathematical concepts. Skilled in creating interactive lesson plans, assessing student performance, and providing targeted support to foster academic growth. Committed to fostering a positive and collaborative learning environment for diverse learners.

Employment History

Math Teacher at Mathnasium of North Charlotte, NC

Feb 2023 - Present

- Successfully increased students' average math test scores by 25% within one academic year through innovative teaching methods and personalized learning plans.
- Developed and implemented a new curriculum for the center, resulting in a 40% increase in enrollment and a 30% improvement in overall student performance.
- Mentored and trained a team of 5 junior math instructors, leading to a 95% employee retention rate and an overall improvement in the center's teaching quality.
- Organized and led a series of community outreach events, raising over \$10,000 for local schools and increasing Mathnasium of North Charlotte's visibility and reputation in the area.

Assistant Math Teacher at Huntington Learning Center, NC

Jul 2022 - Jan 2023

- Successfully improved the math skills of 25 students by an average of 35% within a 6-month period, leading to higher test scores and increased confidence in their abilities.
- Developed and implemented a new curriculum for the center's pre-algebra program, resulting in a 20% increase in enrollment and positive feedback from both students and parents.
- Assisted in training and mentoring 5 new assistant math teachers, contributing to a more cohesive and effective teaching team at Huntington Learning Center.

Education

Bachelor of Science in Mathematics Education at University of North Carolina at Chapel Hill, NC

Aug 2018 - May 2022

Relevant Coursework: Calculus, Linear Algebra, Geometry, Probability and Statistics, Differential Equations, Abstract Algebra, Mathematical Analysis, Discrete Mathematics, Number Theory, Mathematical Modeling, History of Mathematics, and Methods in Mathematics Education.

Certificates

National Board Certification in Mathematics

Feb 2022
