

# Daphney Billesbach

MDS Nurse

## Profile

An MDS Nurse with 2 years of experience, proficient in conducting comprehensive patient assessments, developing individualized care plans, and ensuring compliance with regulatory requirements. Strong background in interdisciplinary collaboration, data analysis, and quality improvement initiatives. Demonstrates excellent communication, organization, and time management skills to efficiently manage patient caseloads and provide exceptional patient care.

## Employment History

### MDS Nurse Coordinator at Missouri MDS Nurse Consultants, MO

Mar 2023 - Present

- Successfully streamlined the MDS assessment process, reducing assessment completion time by 25% and increasing accuracy by 15%, resulting in improved patient care and increased reimbursement for the facility.
- Coordinated a multidisciplinary team of healthcare professionals, leading to a 20% reduction in hospital readmissions and a 10% increase in overall patient satisfaction scores within one year.
- Implemented a comprehensive staff training program, increasing MDS-related knowledge among nursing staff by 30% and reducing documentation errors by 40%, contributing to the facility's improved regulatory compliance and reduced risk of financial penalties.

### MDS Nurse Specialist at MDS Solutions of Missouri, MO

Jul 2021 - Jan 2023

- Successfully implemented a new electronic MDS documentation system, resulting in a 25% reduction in paperwork and a 15% increase in overall efficiency for the nursing team.
- Conducted comprehensive MDS assessments for over 200 patients within a six-month period, ensuring accurate care planning and reimbursement for the facility, and contributing to a 10% increase in revenue.
- Developed and delivered MDS training programs for 50+ nursing staff members, leading to a 20% improvement in assessment accuracy and compliance with state and federal regulations.

## Education

### Bachelor of Science in Nursing (BSN) at University of Missouri, Columbia, MO

Aug 2017 - May 2021

Relevant Coursework: Anatomy and Physiology, Microbiology, Pathophysiology, Pharmacology, Nursing Fundamentals, Health Assessment, Medical-Surgical Nursing, Pediatric Nursing, Obstetric and Gynecologic Nursing, Psychiatric and Mental Health Nursing, Community Health Nursing, Nursing Research, and Nursing Leadership and Management.
