

# Thea Scioscia

Medical Laboratory Technician

## Profile

Dedicated Medical Laboratory Technician with 2 years of experience in performing accurate and timely diagnostic testing. Proficient in operating and maintaining laboratory equipment, adhering to strict quality control protocols, and interpreting complex test results. Strong team player with excellent communication skills and a commitment to continuous professional development. Demonstrated ability to work efficiently under pressure and contribute to the delivery of high-quality patient care.

## Employment History

### Medical Laboratory Technician at LabCorp, LA

Feb 2023 - Present

- Successfully processed and analyzed over 10,000 patient samples within a year, contributing to a 15% increase in LabCorp's overall testing capacity in the Los Angeles facility.
- Implemented a new quality control system that reduced errors in laboratory results by 20%, leading to improved patient care and increased trust in LabCorp's services.
- Trained and mentored 5 new Medical Laboratory Technicians, increasing the team's efficiency by 10% and ensuring the smooth operation of the lab during peak times.
- Collaborated with a multidisciplinary team to develop and validate a new diagnostic test for a rare genetic disorder, which ultimately led to its adoption in LabCorp's nationwide testing menu.

### Medical Laboratory Assistant at Quest Diagnostics, LA

Aug 2021 - Dec 2022

- Successfully processed and analyzed over 1,500 patient samples per month, ensuring timely and accurate diagnostic results for physicians and patients.
- Led a team of 5 laboratory assistants in implementing a new inventory management system, reducing supply waste by 30% and saving the lab an estimated \$20,000 annually.
- Streamlined the specimen processing workflow, resulting in a 15% increase in overall lab efficiency and a 10% reduction in average turnaround time for test results.

## Education

### Associate of Applied Science in Medical Laboratory Technology at Delgado Community College, New Orleans, LA

Aug 2016 - May 2021

Relevant Coursework: Clinical Chemistry, Hematology, Immunology, Microbiology, Urinalysis, Blood Banking, Molecular Diagnostics, Laboratory Safety and Regulations, Phlebotomy, and Quality Assurance in Medical Laboratory Science.
