

Kameka Uremovich

Medical Social Worker

Profile

Dedicated Medical Social Worker with 2 years of experience in providing compassionate patient care, psychosocial assessments, and resource coordination in diverse healthcare settings. Proficient in developing individualized care plans, facilitating support groups, and collaborating with interdisciplinary teams to enhance patient outcomes. Demonstrated ability to manage complex cases, navigate medical systems, and advocate for patients' rights and needs. Committed to enhancing patient well-being and quality of life through empathetic and holistic support.

Employment History

Medical Social Worker at Bluegrass Care Navigators, KY

May 2023 - Present

- Successfully managed a caseload of 75 patients, providing comprehensive psychosocial assessments, care planning, and counseling services to support mental and emotional well-being.
- Developed and implemented an educational program on end-of-life care for over 200 healthcare professionals, resulting in a 25% increase in their knowledge and understanding of palliative care best practices.
- Collaborated with a multidisciplinary team to reduce hospital readmission rates by 15% within one year, through the development and implementation of targeted interventions for high-risk patients.
- Secured \$50,000 in grant funding to expand the organization's bereavement support services, resulting in the establishment of two new grief support groups and the ability to serve an additional 100 families per year.

Associate Medical Social Worker at Hosparus Health, KY

Jul 2021 - Apr 2023

- Successfully managed a caseload of over 100 patients, providing comprehensive psychosocial assessments, interventions, and support to patients and their families, contributing to a 95% satisfaction rate among clients.
- Implemented a new patient-centered care plan approach, resulting in a 20% increase in the successful completion of patients' goals and a 15% reduction in hospital readmission rates within a six-month period.
- Collaborated with an interdisciplinary team to develop and deliver training programs on mental health and cultural competence, leading to a 25% improvement in staff knowledge and understanding of diverse patient populations.
