EMPLOYMENT HISTORY

Medical Supply Technician at UnityPoint Health, IA

Mar 2023 - Present

- Successfully managed the inventory of over 10,000 medical supplies, ensuring a 99.5% accuracy rate and reducing stock discrepancies by 70% within one year.
- Streamlined the procurement process for medical equipment, resulting in a 25% reduction in order processing time and saving UnityPoint Health, IA approximately \$150,000 annually.
- Implemented an improved sterilization procedure for surgical instruments, contributing to a 40% decrease in infection rates and enhancing patient safety throughout the facility.

Medical Supply Technician Assistant at MercyOne Des Moines Medical Center, IA

Sep 2022 - Jan 2023

- Successfully streamlined the inventory management process by implementing an automated tracking system, resulting in a 30% reduction in stock discrepancies and saving the hospital \$50,000 annually.
- Conducted a thorough analysis of supply usage patterns and optimized the ordering process, which led to a 20% decrease in overstocked items and a savings of \$25,000 per year in storage costs.
- Trained and supervised a team of 5 junior technicians, leading to a 15% increase in overall team efficiency and a reduction in training time by 10 hours per employee.
