Tamerra Gervase

Technical Project Manager

I am an experienced Technical Project Manager with over 3 years of experience in the IT sector. I have a comprehensive understanding of project management principles, processes, and methodologies. I have an extensive background in successfully managing large, complex projects from start to finish. I have in-depth knowledge of the software development life-cycle, and I specialize in providing project oversight and guidance to ensure efficient, effective processes and successful outcomes. I have experience leading project teams, managing budgets, and overseeing the design, development, and implementation of IT solutions. I am highly organized, detail-oriented, and motivated, and I am capable of meeting tight deadlines and managing multiple projects simultaneously.
