

Kitty Dewberry

Network Engineer

Profile

I am an experienced Network Engineer with over three years of experience in deploying, configuring, and maintaining a wide range of network systems and services. I am highly familiar with routing protocols, security protocols, and network infrastructure. I have extensive experience in troubleshooting, problem solving, and developing solutions to complex network issues. I have a proven track record of successfully deploying and configuring enterprise-level networks and services. I am committed to providing the highest level of service to my clients and ensuring the highest levels of network availability.

Employment History

Network Engineer at Maui Net, HI

Dec 2022 - Present

- Upgraded the network infrastructure at Maui Net, HI, resulting in a 20% improvement in system performance.
- Developed and implemented a new security protocol which reduced the risk of cyber attacks by 40%.
- Configured and optimized a VoIP system, reducing monthly telecommunications costs by \$5,000.
