

Navneet Swagel

Network Engineer

Profile

Dedicated Network Engineer with 2 years of experience in designing, implementing, and maintaining secure and efficient network infrastructures. Proficient in troubleshooting and optimizing network performance, as well as ensuring data security and system reliability. Adept at collaborating with cross-functional teams and providing excellent customer service. Continuously striving to expand technical knowledge and stay current with industry trends.

Employment History

Network Engineer II at Switch Communications, NV

Feb 2023 - Present

- Successfully designed and implemented a network infrastructure upgrade for Switch Communications, NV, resulting in a 30% increase in network capacity and a 25% reduction in latency for over 10,000 users.
- Spearheaded the migration of 2000+ clients to a new data center within a tight deadline of 3 months, ensuring zero downtime and maintaining 99.99% network availability throughout the process.
- Led a team of 5 junior network engineers to develop and deploy advanced network monitoring tools, reducing troubleshooting time by 50% and improving overall network performance by 20%.

Network Engineer I at CC Communications, NV

Jul 2021 - Jan 2023

- Successfully implemented a network upgrade for CC Communications, NV, resulting in a 30% increase in network efficiency and a 20% reduction in latency for over 50,000 users.
- Conducted a comprehensive network security audit, which identified and resolved 95% of vulnerabilities and led to a 60% decrease in security incidents within the first six months.
- Designed and deployed a new network infrastructure for a major CC Communications, NV client, delivering the project on-time and under budget, while achieving 99.9% uptime and reducing support calls by 25%.

Education

Bachelor of Science in Network Engineering at University of Nevada, Las Vegas

Sep 2017 - May 2021

Relevant Coursework: Network Systems Design, Cybersecurity, Wireless Technologies, Computer Programming, Network Administration, Cloud Computing, Data Communications, and Infrastructure Management.

Certificates

Cisco Certified Network Professional (CCNP)

Jul 2021
