Profile

Dedicated and compassionate Nurse Aide with 1 year of experience providing high-quality patient care in various healthcare settings. Proficient in assisting with daily living activities, monitoring vital signs, and collaborating with multidisciplinary teams to develop and implement individualized care plans. Demonstrates excellent communication, time management, and problem-solving skills. Committed to ensuring patient comfort, safety, and well-being.

Employment History

Certified Nurse Aide at Visiting Nurse Service of New York, NY

May 2023 - Present

- Successfully provided care for an average of 20 homebound patients per day, ensuring their comfort, safety, and well-being while maintaining a 95% satisfaction rate from patients and their families.
- Implemented a streamlined patient documentation system that reduced paperwork by 25%, allowing for increased focus on direct patient care and improved communication among the healthcare team.
- Conducted over 50 in-home patient assessments per month, identifying potential health issues and contributing to a 30% decrease in hospital readmissions for home care patients.
- Trained and mentored 10 new Certified Nurse Aides, leading to a 100% retention rate within the first six months of employment and an overall improvement in the quality of care provided to patients.

Nurse Aide Trainee at Extended Home Care, NY

Jul 2022 - Mar 2023

- Successfully completed over 500 hours of hands-on clinical training, providing quality care to patients with diverse medical conditions at Extended Home Care, NY.
- Assisted in administering medications to over 250 patients under the supervision of registered nurses, ensuring accurate dosage and timely administration.
- Contributed to a 30% reduction in patient falls by implementing effective fall prevention strategies and consistently monitoring high-risk patients during the 6-month training period.
- Received positive feedback from 90% of patients and their families for providing compassionate care and maintaining open communication, leading to increased patient satisfaction scores.

Education

Certificate in Nurse Aide Training at New York Institute of Healthcare Careers, New York, NY

Sep 2017 - May 2022
