Profile

A dedicated Nursing Instructor with 5 years of experience in providing high-quality education and hands-on training to nursing students. Proficient in curriculum development, student assessment, and clinical supervision. Committed to fostering a positive learning environment and preparing future nurses for successful careers in healthcare. Demonstrates exceptional communication, leadership, and mentoring skills.

Employment History

Nursing Instructor at University of Alabama at Birmingham School of Nursing, AL

May 2023 - Present

- Developed and implemented an innovative nursing curriculum that increased the program's graduation rate by 15% within two years, resulting in a 90% overall graduation rate for the University of Alabama at Birmingham School of Nursing.
- Spearheaded a collaborative research project with fellow faculty members, which led to the publication of 10 peer-reviewed articles in prestigious nursing journals and a 20% increase in research grant funding for the School of Nursing.
- Successfully mentored and guided 50+ nursing students through their clinical rotations, with 95% of them passing their licensing exams on the first attempt and securing employment within three months of graduation.

Assistant Nursing Instructor at Auburn University School of Nursing, AL

Jul 2018 - Mar 2023

- Developed and implemented a comprehensive curriculum for the nursing program, resulting in a 95% graduation rate and 92% first-time pass rate on the National Council Licensure Examination (NCLEX-RN) for Auburn University School of Nursing students.
- Coordinated and supervised over 50 clinical rotations for nursing students annually, ensuring valuable hands-on experience and fostering strong partnerships with local healthcare facilities, leading to a 90% job placement rate for graduates within three months of completing the program.
- Spearheaded an initiative to enhance the use of simulation technology in nursing education, securing a \$150,000 grant for equipment upgrades and leading workshops for fellow faculty members on integrating simulation into their courses, ultimately increasing student engagement and retention rates by 15%.
