## Profile

Dedicated and compassionate Registered Nurse with 4 years of diverse experience in providing high-quality patient care in various healthcare settings. Demonstrated ability to collaborate with multidisciplinary teams, develop individualized care plans, and educate patients and families. Proficient in electronic health records and nursing best practices. Committed to continuous professional development and staying current with the latest advancements in nursing to ensure exceptional patient outcomes.

## Employment History

### Registered Nurse at Montana Health Network, MT

Mar 2023 - Present

- Successfully managed a team of 10 nursing staff members, resulting in a 15% increase in overall patient satisfaction scores within one year at Montana Health Network.
- Streamlined patient care processes by implementing an efficient electronic health record system, reducing documentation errors by 25% and improving the quality of care for over 500 patients.
- Led a training program for new Registered Nurses, contributing to a 20% reduction in orientation time and a 30% increase in retention rates for first-year nurses at Montana Health Network.
- Collaborated with interdisciplinary teams to develop and implement a comprehensive care plan for patients with complex medical needs, resulting in a 10% decrease in hospital readmission rates for these patients.

### Licensed Practical Nurse at St. Peter's Health, MT

Jul 2019 - Feb 2023

- Successfully managed a caseload of 25 patients per day, effectively prioritizing patient needs and ensuring timely administration of medications and treatments.
- Streamlined patient documentation processes, resulting in a 20% reduction in time spent on paperwork and enabling increased focus on direct patient care.
- Developed and implemented a patient education program on chronic disease management, leading to a 30% decrease in hospital readmissions for participating patients.
- Collaborated with an interdisciplinary team to improve wound care protocols, resulting in a 15% reduction in healing time for pressure ulcers and other complex wounds.
