

Shadi Thropp

Oncology Nurse

Profile

Dedicated Oncology Nurse with 1 year of experience providing compassionate and specialized care to patients diagnosed with cancer. Adept at administering chemotherapy, monitoring patient responses, and collaborating with interdisciplinary teams to develop tailored treatment plans. Strong commitment to patient education and support, with excellent communication and relationship-building skills. Continuously seeking opportunities for professional development to stay current with the latest oncology advancements.

Employment History

Oncology Nurse Specialist at Maine Medical Center Cancer Institute Oncology Nursing Services, ME

Apr 2023 - Present

- Successfully managed the care of over 200 oncology patients per year, ensuring high-quality and personalized treatment plans, leading to a 95% patient satisfaction rate.
- Implemented a new patient education program, resulting in a 30% increase in patient understanding of treatment options and side effects, leading to more informed decision-making and better treatment adherence.
- Collaborated with a multidisciplinary team to reduce average patient wait times for chemotherapy treatments by 25%, improving overall patient experience and reducing stress for patients and their families.
- Developed and led a support group for oncology patients and their families, providing emotional support and resources to over 100 participants, which contributed to improved mental health and coping skills for patients during their cancer journey.

Oncology Staff Nurse at Central Maine Medical Center Oncology Nursing, ME

Sep 2022 - Mar 2023

- Successfully managed the care of over 1,000 oncology patients annually, ensuring timely administration of chemotherapy and other treatments, resulting in a 95% patient satisfaction rate.
