Hilari Rondy

Oracle Consultant

Profile

Oracle Consultant with 1 year of experience in providing effective technical solutions and support for Oracle applications. Proficient in database management, system analysis, and software development with a strong foundation in SQL, PL/SQL, and Oracle E-Business Suite. Demonstrated ability to troubleshoot issues, optimize processes, and collaborate with cross-functional teams to enhance overall system performance. Adept at quickly adapting to new technologies and committed to continuous learning in the ever-evolving IT landscape.

Employment History

Oracle Consultant at Oracle Applications Consulting, Inc., VA

May 2023 - Present

- Led the successful implementation of Oracle ERP Cloud for a major client, resulting in a 25% increase in their operational efficiency and a 15% reduction in costs within the first year.
- Developed and executed a comprehensive migration strategy for a large-scale client, seamlessly transitioning their legacy systems to Oracle Cloud Infrastructure, which led to a 30% improvement in system performance and a 20% reduction in maintenance costs.
- Designed and delivered customized training programs for over 200 end-users across multiple clients, significantly increasing user adoption rates and contributing to a 35% improvement in overall client satisfaction with Oracle solutions.

Junior Oracle Consultant at CACI International Inc., VA

Jul 2022 - Mar 2023

- Successfully implemented Oracle EBS R12 for a major government client, resulting in a 20% increase in operational efficiency and a 15% reduction in manual data entry errors.
- Streamlined the Oracle EBS R12 financial modules for a key project, leading to a 25% improvement in month-end closing time and a 10% increase in financial reporting accuracy.
- Developed and delivered customized Oracle EBS R12 training materials for over 100 end-users, contributing to a 30% increase in user adoption and a 50% reduction in support requests.
- Led the migration of critical data from legacy systems to Oracle EBS R12 for three major clients, ensuring a seamless transition with minimal downtime and a 99.5% data accuracy rate.
