

Liv Harnar

Oracle Functional Consultant

Profile

Oracle Functional Consultant with 2 years of experience in providing comprehensive support for Oracle EBS applications, specializing in financial modules. Proven track record of delivering effective solutions and driving process improvements, while collaborating with cross-functional teams. Proficient in requirement analysis, system configuration, and end-user training, with a strong commitment to client satisfaction and project success.

Employment History

Oracle Functional Consultant at Tech Mahindra, UT

May 2023 - Present

- Successfully led the implementation of Oracle Cloud ERP for a major client, resulting in a 25% reduction in operational costs and a 20% improvement in process efficiency.
- Streamlined the procurement process for a large manufacturing company by configuring and optimizing their Oracle Supply Chain Management system, leading to a 15% reduction in procurement cycle time and a 10% cost savings on purchased materials.
- Spearheaded a team of functional consultants in upgrading a client's Oracle EBS from R12.1.3 to R12.2.9, ensuring a seamless transition with minimal downtime and a 30% improvement in overall system performance.
