123 Charleston Lane, Columbia, SC 29210

Dedicated Paramedic with 2 years of experience providing efficient and high-quality pre-hospital emergency care. Skilled in patient assessment, stabilization, and transport, with a strong commitment to adhering to medical protocols and best practices. Excellent communicator and team player, consistently ensuring seamless coordination with healthcare professionals and first responders. Demonstrated success in managing high-pressure situations and adapting to evolving medical needs.

Paramedic at Medshore Ambulance Service, SC

Feb 2023 - Present

- Successfully responded to and treated over 1,000 emergency calls per year, providing high-quality pre-hospital care to patients in the Medshore Ambulance Service coverage area.
- Streamlined the onboarding process for new paramedics by developing and implementing a comprehensive training program, reducing the average orientation time by 30% and increasing overall competency among new hires.
- Collaborated with local hospitals and healthcare providers to improve patient handoff procedures, resulting in a 25% reduction in wait times for patients being transferred from ambulance to emergency department care.

Emergency Medical Technician (EMT) at LifeNet South Carolina, SC

Aug 2021 - Dec 2022

- Successfully responded to and managed over 1,200 emergency calls during a one-year period, providing critical medical support and transporting patients to appropriate medical facilities.
- Demonstrated exceptional patient care skills by maintaining a 95% satisfaction rate among patients and their families, based on post-care surveys conducted by LifeNet South Carolina.
- Acted as a team leader in 50+ mass casualty incidents, coordinating with other emergency responders and ensuring the efficient triage, treatment, and transport of patients.
- Implemented a new inventory management system for the station's medical supplies, resulting in a 20% reduction in expired or wasted medications and a 15% decrease in supply costs.

Associate of Applied Science in Paramedic Studies at Horry Georgetown Technical College, Conway, SC
