### **EMPLOYMENT HISTORY**

## Party Chief at Precision Geomatics Inc., WV

Apr 2023 - Present

- Successfully managed a team of 8 survey technicians on a large-scale land survey project, covering over 500 acres and ensuring accurate data collection within a tight deadline of 2 months.
- Streamlined daily workflows and increased efficiency by 20% through the implementation of advanced surveying software and equipment, leading to faster turnaround times for client deliverables.
- Consistently maintained client satisfaction rates above 95% by providing high-quality survey results, timely communication, and effective collaboration with project stakeholders across various sectors.

# Assistant Party Chief at Mason Dixon Surveys, Inc., WV Sep 2018 - Feb 2023

- Successfully managed and completed over 50 boundary and topographic survey projects within a year, resulting in a 20% increase in company revenue.
- Streamlined the data collection process by implementing new GPS technology and software, reducing field time by 15% and increasing overall team productivity.
- Developed and executed a comprehensive training program for new hires, leading to a 30% reduction in onboarding time and ensuring consistency in work quality across the team.

### **EDUCATION**

# Associate of Applied Science in Land Surveying at West Virginia University, Morgantown, WV
