

Diamone Argy

Perfusionist

Details

diamone.argy@gmail.com

(913) 244-8215

123 Maple Street, Milwaukee, WI 53202

Profile

Dedicated Perfusionist with 2 years of experience in delivering safe and effective extracorporeal circulation and tissue perfusion services. Skilled in operating and maintaining heart-lung machines, monitoring patient parameters, and collaborating with surgical teams. Committed to ensuring the highest quality of care and patient safety. Continuously seeking opportunities to enhance knowledge and improve clinical skills.

Employment History

Perfusionist at Aurora Health Care, WI

Feb 2023 - Present

- Successfully managed over 150 cardiopulmonary bypass procedures annually, ensuring a 98% survival rate for patients undergoing open-heart surgery at Aurora Health Care, WI.
- Implemented new perfusion protocols and techniques that reduced post-operative complications by 20%, improving patient outcomes and satisfaction.
- Collaborated with a multidisciplinary team to develop and launch a new Extracorporeal Life Support (ECLS) program, resulting in a 25% increase in patient referrals for advanced heart and lung support therapies.

Associate Perfusionist at Froedtert Hospital, WI

Aug 2021 - Jan 2023

- Successfully managed over 150 cardiopulmonary bypass procedures, ensuring optimal patient outcomes and contributing to a 98% success rate at Froedtert Hospital.
- Implemented a new quality assurance protocol for perfusion equipment, reducing equipment-related complications by 25% and improving overall patient safety.
- Trained and mentored 5 new perfusionists, resulting in increased team efficiency and a 10% reduction in average patient wait times for cardiac surgeries.

Education

Bachelor of Science in Perfusion Technology at University of Wisconsin-Milwaukee, WI

Sep 2017 - May 2021

Relevant Coursework: Anatomy and Physiology, Biochemistry, Microbiology, Pathophysiology, Perfusion Techniques, Cardiopulmonary Bypass, Extracorporeal Life Support, Blood and Fluid Management, Perioperative Care, and Clinical Perfusion Practice.
