## EMPLOYMENT HISTORY

### ● Periodontist at Oregon Periodontics, P.C., OR

Mar 2023 - Present

- Successfully treated over 1,000 patients with periodontal disease, reducing tooth loss rate by 80% and significantly improving their oral health and quality of life.
- Implemented a new laser-assisted periodontal therapy technique, resulting in a 35% reduction in post-operative complications and a 25% reduction in treatment time for patients.
- Developed and delivered educational seminars to over 500 local dentists and hygienists, increasing awareness about the latest advancements in periodontics and fostering a collaborative professional network in Oregon.
- Spearheaded a community outreach initiative providing free periodontal screenings and treatments to over 200 underserved individuals, increasing access to essential dental care and promoting overall community health.

### ● Associate Periodontist at Green Apple Dental - Periodontics, OR

Jul 2021 - Feb 2023

- Successfully treated over 200 patients with periodontal disease, resulting in a 95% success rate and significant improvement in patients' oral health.
- Implemented a new patient education program that increased compliance with at-home care by 30%, leading to better long-term outcomes for patients.
- Developed and led a team of dental hygienists to provide efficient and high-quality care, reducing patient wait times by 20%.
- Increased practice revenue by 15% through the introduction of advanced periodontal procedures, such as dental implants and guided tissue regeneration, attracting new patients and retaining existing ones.

### ● Periodontist Resident at Portland Periodontics & Implant Dentistry, OR

Aug 2017 - Jun 2021

- Successfully treated over 150 patients with advanced periodontal diseases, resulting in an 85% reduction in disease progression and a 90% improvement in patients' oral health.
- Implemented a new patient education program focused on prevention and maintenance of periodontal health, leading to a 30% decrease in repeat cases and increased patient satisfaction.
