

Jacalynn Kreinbring

Pharmacist

Profile

Pharmacist with 6 years of experience in efficiently managing daily pharmacy operations, providing exceptional patient care, and optimizing medication therapy outcomes. Successful in collaborating with healthcare teams, maintaining regulatory compliance, and implementing pharmaceutical care plans. Demonstrates strong communication, problem-solving, and attention to detail, contributing to enhanced patient satisfaction and streamlined pharmacy workflow.

Employment History

Pharmacist at CVS Pharmacy, SC

Feb 2023 - Present

- Successfully managed the prescription fulfillment process for an average of 300 customers per day, ensuring timely and accurate dispensing of medications while maintaining a 98% customer satisfaction rating.
- Implemented a new medication therapy management program that increased patient adherence rates by 15%, leading to improved health outcomes and reduced hospital readmissions.
- Streamlined pharmacy operations by introducing an automated drug inventory system, resulting in a 20% reduction in stock discrepancies and a 10% increase in overall efficiency.
- Provided exceptional patient care by conducting over 1000 comprehensive medication reviews annually, identifying and resolving potential drug interactions and therapy issues, and contributing to a safer medication use environment.

Staff Pharmacist at Walgreens, SC

Sep 2021 - Jan 2023

- Successfully managed the inventory of over 10,000 prescription medications, resulting in a 20% reduction in expired products and a 15% increase in overall efficiency.
- Streamlined the prescription filling process by implementing a new organization system, leading to a 25% reduction in average wait time for customers and a 30% increase in daily prescriptions filled.
- Collaborated with the pharmacy team to administer over 5,000 flu vaccinations during the 2020-2021 flu season, contributing to a 40% increase in vaccination rates compared to the previous year.
- Led a team of 10 pharmacy technicians and interns, providing mentorship and guidance that resulted in a 50% decrease in prescription errors and a 100% pass rate for certification exams.

Pharmacy Intern at Rite Aid Pharmacy, SC

Jul 2017 - Jul 2021

- Successfully assisted in administering over 1,000 COVID-19 vaccinations during the initial rollout, ensuring a smooth and efficient process for patients and colleagues.
- Streamlined the medication inventory management system, reducing medication waste by 15% and saving the pharmacy an estimated \$5,000 annually.
