

Shannie Gornik

Pharmacy Analyst

Profile

Pharmacy Analyst with 1 year of experience in providing data-driven insights and optimizing pharmaceutical operations. Adept at analyzing drug utilization trends, identifying cost-saving opportunities, and ensuring compliance with industry regulations. Proficient in using pharmacy software and data analytics tools to improve patient care and operational efficiency. Strong communication skills with a commitment to continuous learning and professional development in the field of pharmacy analytics.

Employment History

Pharmacy Analyst at Walmart Health and Wellness, AR

Apr 2023 - Present

- Successfully implemented a new medication management system, resulting in a 20% increase in efficiency and reducing medication errors by 15% within the first year of adoption.
- Conducted a comprehensive analysis of over 500 pharmaceutical products, leading to the identification and elimination of \$1.5 million in annual wastage, improving overall cost management for Walmart Health and Wellness.
- Developed and executed an improved inventory control process, reducing stock discrepancies by 25% and increasing on-time order fulfillment rates by 18% in the first six months.
- Provided critical support in the implementation of a new pharmacy software system, leading to a 30% reduction in prescription processing time and a 10% increase in customer satisfaction ratings.

Associate Pharmacy Analyst at Walgreens Boots Alliance, AR

Sep 2022 - Mar 2023

- Successfully reduced medication errors by 15% through the implementation of a new medication tracking system and comprehensive staff training, resulting in improved patient safety and satisfaction.
- Streamlined pharmacy inventory management, reducing excess stock by 20% and saving the company \$50,000 annually by identifying and addressing inefficiencies in the ordering process.
- Played a crucial role in increasing the flu vaccination rate by 30% for the 2019-2020 season through targeted marketing campaigns and community outreach initiatives, contributing to a healthier local population.
- Enhanced customer experience and loyalty by leading the development and implementation of a user-friendly online prescription refill system, resulting in a 25% increase in online prescription orders and a 10% overall increase in pharmacy sales.
