PROFILE

Results-driven Plant Manager with 5 years of experience in overseeing manufacturing operations, optimizing production processes, and driving continuous improvement. Skilled in managing cross-functional teams, implementing cost-reduction strategies, and ensuring compliance with quality and safety standards. Demonstrated success in increasing efficiency, reducing downtime, and enhancing overall plant performance. Strong leadership and problem-solving abilities, committed to driving operational excellence and achieving business objectives.

EMPLOYMENT HISTORY

● Plant Manager at Greenleaf Nursery Company, OK

May 2023 - Present

- Successfully increased overall plant production by 25% within the first year of management, resulting in a significant boost to the company's revenue and market share.
- Implemented new inventory management system that reduced waste by 30% and saved the company \$150,000 annually in material costs.
- Led a team of 50 employees and achieved a 95% employee retention rate within two years, creating a positive work environment and increasing overall efficiency.
- Oversaw a major facility expansion project, adding 100,000 square feet of greenhouse space and increasing the company's production capacity by 40%.

● Assistant Plant Manager at Dolese Bros. Co., OK

Aug 2018 - Mar 2023

- Successfully reduced plant downtime by 15% through implementation of preventive maintenance programs and streamlined workflow processes, resulting in an annual cost saving of over \$200,000 for Dolese Bros. Co., OK.
- Increased overall production efficiency by 12% by introducing Lean Manufacturing principles and optimizing scheduling, leading to a 10% increase in output and contributing to a revenue growth of \$1.2 million in a single financial year.
- Played a key role in the development and implementation of a company-wide safety initiative, resulting in a 35% reduction in workplace accidents and injuries, and earning recognition as the safest plant within the Dolese Bros. Co., OK network.
- Led a cross-functional team in successfully completing a \$500,000 plant expansion project on time and within budget, increasing production capacity by 20% and enabling the company to secure new contracts worth \$3 million in additional annual revenue.
