

Lanna Mislán

Policy Analyst

Profile

Dedicated Policy Analyst with 1 year of experience in researching, analyzing, and evaluating policy issues. Adept at collecting and interpreting data, drafting reports, and presenting findings to inform decision-making. Skilled in stakeholder engagement and collaboration with cross-functional teams. Proven ability to deliver high-quality work in fast-paced environments. Committed to utilizing analytical skills to contribute to effective policy development and implementation.

Employment History

Senior Policy Analyst at Urban Institute, PA

Apr 2023 - Present

- Led a comprehensive research project on affordable housing policies, resulting in a 25% increase in local government funding for low-income households and influencing policy changes in 3 major cities.
- Conducted an in-depth analysis of education policies, identifying key areas for improvement and providing recommendations that were adopted by the state government, leading to a 15% increase in high school graduation rates within two years.
- Collaborated with a team to evaluate the effectiveness of healthcare policies, producing a detailed report that contributed to a 10% decrease in uninsured individuals and a 5% reduction in healthcare costs across the state.
- Developed and implemented a new data-driven approach to policy analysis, increasing the efficiency of the team's work by 30% and providing more accurate and actionable insights for stakeholders.

Policy Analyst at RAND Corporation, PA

Sep 2022 - Feb 2023

- Developed a comprehensive policy framework that resulted in a 20% increase in efficiency for resource allocation across multiple government agencies, leading to significant cost savings and improved service delivery.
- Conducted an in-depth analysis of healthcare policies, which directly influenced the implementation of new legislation, leading to a 15% reduction in healthcare disparities among underserved populations.
- Led a team of researchers in evaluating the effectiveness of educational policies, resulting in data-driven recommendations that contributed to a 10% improvement in student outcomes and graduation rates in underperforming schools.

Education

Master of Public Policy at University of Pennsylvania, Philadelphia, PA

Sep 2018 - May 2022
