

Batya Pati

Project Control Analyst

Profile

Project Control Analyst with 2 years of experience in effectively supporting project management teams by providing financial oversight, cost analysis, and performance monitoring. Proficient in budgeting, forecasting, and risk assessment, with a keen ability to identify areas for process improvement. Demonstrated success in collaborating with cross-functional teams, ensuring on-time project completion, and optimizing resource allocation. Strong analytical and problem-solving skills, dedicated to maximizing project efficiency and profitability.

Employment History

Project Control Analyst at Cianbro Corporation, ME

Feb 2023 - Present

- Successfully managed a \$50 million construction project, ensuring timely completion and a 10% reduction in cost overruns by implementing efficient project control processes and closely monitoring progress.
- Streamlined the project reporting system, resulting in a 25% reduction in the time required to generate accurate and comprehensive project status reports, leading to more informed decision-making and better resource allocation.
- Identified and resolved potential schedule conflicts in a major infrastructure project, saving the company \$1.5 million in potential delay penalties and maintaining a high level of client satisfaction.

Associate Project Control Analyst at Woodard & Curran, ME

Sep 2021 - Jan 2023

- Successfully managed a \$1.5 million project budget, ensuring timely completion of deliverables and minimizing cost overruns by 10% compared to previous projects.
- Streamlined the project tracking process by implementing an innovative tracking system, resulting in a 25% reduction in time spent on administrative tasks and a 15% increase in overall team productivity.
- Collaborated with cross-functional teams to identify and mitigate potential risks, leading to a 20% decrease in project delays and contributing to the successful completion of three major projects within the specified deadlines.

Education

Bachelor of Science in Project Management at University of Southern Maine, Portland, ME

Aug 2016 - May 2021

Relevant Coursework: Project Planning and Scheduling, Cost and Quality Management, Risk Analysis and Management, Organizational Behavior, Leadership and Team Management, Procurement and Contract Management, and Agile Project Management.
