EMPLOYMENT HISTORY

● Project Superintendent at Kraus-Anderson Construction Company, MN

Feb 2023 - Present

- Successfully managed the construction of a \$50 million commercial building project, completing it 2 months ahead of schedule and 5% under budget.
- Oversaw a team of 60 workers on a complex, mixed-use development project valued at \$75 million, ensuring all milestones were met and quality standards exceeded client expectations.
- Implemented innovative project management techniques that increased overall efficiency by 20% and reduced safety incidents by 30% across all projects under my supervision.
- Delivered a large-scale, \$100 million educational facility on time and within budget, while maintaining excellent communication with stakeholders and fostering a positive work environment for all team members.

● Assistant Project Superintendent at Adolfson & Peterson Construction, MN

Jul 2018 - Jan 2023

- Successfully managed a \$50 million commercial construction project, ensuring its completion on time and within budget by effectively coordinating with subcontractors, architects, and stakeholders.
- Streamlined project documentation and communication processes, resulting in a 25% reduction in administrative overhead and improved team collaboration.
- Implemented a new safety program that led to a 40% reduction in on-site accidents and injuries, earning the company recognition for its commitment to safety and employee well-being.
- Assisted in securing new business contracts worth over \$100 million by providing accurate project estimates and presenting innovative solutions to prospective clients.

EDUCATION

Bachelor of Science in Construction Management at Minnesota State University, Mankato, MN

Sep 2014 - May 2018

Relevant Coursework: Construction Materials and Methods, Estimating and Bidding, Scheduling and Control, Construction Law and Contracts, Building Codes and Standards, Construction Safety, Project Management, and Sustainable Construction Practices.
