

Lether Shunk

Qlikview Developer

Profile

Results-driven QlikView Developer with 1 year of experience in designing and implementing innovative BI solutions. Proficient in data modeling, visualization, and analytics to facilitate data-driven decision-making. Strong problem-solving skills and commitment to delivering high-quality projects within deadlines. Adept at collaborating with cross-functional teams and end-users to optimize user experience and business value. Eager to contribute to a dynamic organization and further develop expertise in QlikView development.

Employment History

Qlikview Developer at CACI International, VA

Mar 2023 - Present

- Led the development and implementation of a QlikView application that improved data analysis efficiency by 50%, streamlining reporting processes for CACI International's key clients.
- Successfully migrated over 100 legacy reports to QlikView, resulting in a 40% reduction in report generation time and saving the company an estimated \$200,000 annually.
- Trained and mentored a team of five junior QlikView developers, increasing their productivity by 30% and contributing to a 20% growth in the company's QlikView services revenue.

Junior Qlikview Developer at Booz Allen Hamilton, VA

Sep 2022 - Jan 2023

- Developed and implemented a QlikView dashboard for a major client, resulting in a 30% increase in data analysis efficiency and a 25% reduction in report generation time.
- Streamlined the ETL process for a large-scale project, leading to a 40% improvement in data load times and enabling the team to meet critical deadlines ahead of schedule.
- Trained and mentored three new QlikView developers, increasing the team's overall productivity by 20% and ensuring consistent delivery of high-quality solutions.
- Collaborated with cross-functional teams to successfully integrate QlikView into the existing business intelligence infrastructure, driving a 15% improvement in data accuracy and reporting capabilities.
