

Sheila Donnay

Safety Consultant

Profile

Safety Consultant with 2 years of experience in identifying and mitigating potential risks in various work environments. Proficient in conducting thorough safety assessments, providing safety training, and implementing preventive measures to ensure compliance with industry regulations. Demonstrates excellent communication, analytical, and problem-solving skills to help organizations create safe and healthy workplaces.

Employment History

Senior Safety Consultant at Safety Management Systems LLC, CO

Mar 2023 - Present

- Successfully reduced workplace accidents by 45% in a year by conducting comprehensive safety audits, implementing improved safety protocols, and providing effective training programs for employees across various industries.
- Spearheaded the development and implementation of a company-wide safety management system that resulted in a 30% reduction in lost time injuries and a 25% decrease in workers' compensation costs within two years.
- Led a team of safety consultants in providing expert guidance and support to over 50 client companies, resulting in a 98% client satisfaction rate and generating \$1.5 million in revenue for Safety Management Systems LLC.

Safety Consultant at Colorado Safety Consultants, CO

Aug 2021 - Feb 2023

- Implemented a comprehensive safety training program for over 500 employees across multiple industries, resulting in a 25% reduction in workplace accidents and a 20% decrease in workers' compensation claims within the first year.
- Conducted thorough safety audits and assessments for over 100 clients, identifying over 300 potential hazards and recommending corrective actions that led to a 30% overall improvement in safety compliance and a 15% decrease in OSHA violations.
- Developed and executed customized emergency response plans for 50+ businesses, including conducting full-scale drills and exercises, which significantly improved response times by an average of 40% and increased employee preparedness and confidence during actual emergencies.
