Antria Hemen

SAP Consultant

👤 Profile

SAP Consultant with 1 year of experience in providing innovative solutions for optimizing business processes and enhancing system efficiency. Proficient in SAP implementation, configuration, and support, with a keen ability to analyze client requirements and translate them into effective SAP strategies. Demonstrates strong communication and collaboration skills, fostering productive relationships with cross-functional teams and stakeholders. Committed to continuous professional growth and staying current with the latest SAP technologies and best practices.

💼 Employment History

SAP Consultant at Deloitte Consulting LLP, WV

Apr 2023 - Present

- Successfully implemented an end-to-end SAP S/4HANA solution for a major manufacturing client, resulting in a 35% increase in operational efficiency and a 25% reduction in inventory costs.
- Streamlined the financial reporting process for a large retail client by migrating their legacy system to SAP FI/CO, leading to a 40% reduction in manual data entry and a 20% improvement in financial reporting accuracy.
- Led a team of 10 SAP consultants in the successful integration of SAP Ariba with an existing ERP system for a global pharmaceutical company, enabling a 50% reduction in procurement cycle times and a 30% increase in supplier collaboration.
- Optimized the supply chain operations of an automotive client by implementing SAP IBP, resulting in a 20% reduction in lead times, a 15% increase in on-time delivery performance, and a 10% decrease in stockouts.

Associate SAP Consultant at IBM Global Business Services, WV

Sep 2022 - Mar 2023

- Led a successful SAP S/4HANA implementation project for a major manufacturing client, resulting in a 20% increase in operational efficiency and a 15% reduction in inventory costs within the first year.
- Developed custom SAP Fiori applications for a large retail client, enhancing user experience and improving system-wide productivity by 25%.
- Streamlined financial reporting processes for a global pharmaceutical company using SAP BPC, reducing month-end closing time by 30% and increasing data accuracy by 10%.
- Provided expert SAP support and training to over 50 end-users across multiple projects, leading to a 40% reduction in support tickets and a 90% satisfaction rating from clients.
