

Markeshia Raffelson

School Psychologist

Profile

Enthusiastic School Psychologist with 2 years of experience in supporting the social, emotional, and cognitive development of students in educational settings. Skilled in conducting assessments, designing evidence-based interventions, and collaborating with educators, parents, and community stakeholders to foster a positive learning environment. Committed to promoting academic success, mental well-being, and inclusivity for diverse student populations.

Employment History

School Psychologist at Kentucky Psychological Services, KY

May 2023 - Present

- Implemented a comprehensive mental health program for over 500 students, resulting in a 25% reduction in behavioral issues and a 20% increase in overall student well-being.
- Conducted over 200 individual psychoeducational assessments, effectively identifying the unique needs of students and developing tailored intervention plans to improve academic performance and social-emotional functioning.
- Collaborated with a team of educators and administrators to develop and implement a school-wide Positive Behavioral Interventions and Supports (PBIS) framework, leading to a 30% decrease in disciplinary referrals and a 15% improvement in school climate.
- Facilitated professional development workshops for over 100 teachers, enhancing their knowledge and skills in areas such as trauma-informed practices, classroom management, and social-emotional learning, contributing to a 10% increase in teacher efficacy and job satisfaction.

Associate School Psychologist at Bluegrass Educational Psychology, KY

Jul 2021 - Apr 2023

- Developed and implemented a comprehensive mental health support program for over 500 students, resulting in a 25% decrease in behavioral incidents and a 20% improvement in overall student well-being.
- Conducted psychoeducational assessments for more than 200 students, leading to the identification of previously undiagnosed learning disabilities and the provision of targeted support services, increasing academic success rates by 15%.
- Collaborated with school staff and parents to create individualized education plans (IEPs) for over 100 students with special needs, ensuring appropriate accommodations and interventions were in place, leading to a 30% increase in student achievement on standardized assessments.
