EMPLOYMENT HISTORY

Senior Architect at HGA Architects and Engineers, MN

May 2023 - Present

- Successfully designed and executed a 50,000 sq. ft. LEED Platinum-certified office building, resulting in 40% energy savings and a 30% reduction in water usage for the client.
- Managed a team of 10 architects and engineers to complete a \$25 million healthcare facility project on time and within budget, leading to a 20% increase in client satisfaction ratings for HGA Architects and Engineers.
- Streamlined internal design processes by implementing BIM (Building Information Modeling) technology, reducing project turnaround times by 15% and increasing overall team efficiency by 10%.

Associate Architect at LHB Inc., MN

Aug 2019 - Mar 2023

- Led the design and development of a 50,000 sq. ft. commercial building project, resulting in a 20% increase in energy efficiency and a LEED Gold certification for the client.
- Managed a team of 10 professionals to successfully complete a \$5 million mixed-use development project within budget and on schedule, leading to a 15% increase in rental income for the property owner.
- Streamlined the architectural design process by implementing BIM technology, reducing project delivery time by 25% and increasing overall team productivity by 30%.

Junior Architect at Perkins & Will, MN

Sep 2013 - Jul 2019

- Assisted in the design and development of a 50,000 sq. ft. sustainable office building, resulting in a 30% reduction in energy consumption and earning LEED Gold certification.
- Collaborated on the successful completion of a \$25 million mixed-use development project, including residential, retail, and public spaces, contributing to a 15% increase in local economic growth.
- Implemented innovative parametric design techniques for a 10,000 sq. ft. cultural center, optimizing spatial efficiency and reducing construction costs by 20%.

EDUCATION

Master of Architecture (M.Arch) at University of Minnesota, Twin Cities, MN

Sep 2009 - May 2013
