### HOBBIES

### PROFILE

Dedicated Sprinkler Fitter with 4 years of experience in the installation, maintenance, and repair of fire protection systems. Highly skilled in reading blueprints, assembling and installing pipe systems, and troubleshooting system issues. Committed to ensuring safety and compliance with local codes and regulations. Excellent communication and teamwork abilities contribute to efficient project completion and customer satisfaction.

### EMPLOYMENT HISTORY

#### ● Sprinkler Fitter at Florida State Fire Protection, FL

May 2023 - Present

- Successfully installed a comprehensive fire sprinkler system for a 50,000 sq. ft. commercial facility in Florida, ensuring full compliance with state and local regulations and resulting in a 100% pass rate on the first inspection.
- Efficiently managed a team of 6 fitters to retrofit an existing 20-story high-rise building with an updated sprinkler system, completing the project 2 weeks ahead of schedule and reducing labor costs by 15%.
- Played a key role in securing a lucrative contract with a major property management company by designing and presenting a customized fire protection plan for their 10-building residential complex, leading to a 25% increase in annual revenue for Florida State Fire Protection.

#### ● Sprinkler Fitter Apprentice at Wayne Automatic Fire Sprinklers, FL

Aug 2019 - Mar 2023

- Successfully installed 150+ fire sprinkler systems in commercial and residential properties throughout Florida, ensuring safety and compliance with local regulations.
- Efficiently completed a 6-month project to retrofit an existing high-rise building with a new fire sprinkler system, improving the overall safety of the building and its occupants.
- Assisted in the design and implementation of a custom fire sprinkler system for a large shopping mall, covering over 1 million square feet of retail space and preventing potential fire hazards.
- Collaborated with a team of 10 fitters to complete a complex sprinkler system installation at a major sports stadium, ensuring adequate fire protection for more than 65,000 spectators.
