Georgetta Kruft

SQL Analyst

👤 Profile

Detail-oriented SQL Analyst with 1 year of experience in leveraging data-driven insights to optimize business processes and drive growth. Adept at designing, implementing, and maintaining SQL databases, as well as analyzing complex data sets to identify trends and patterns. Strong proficiency in data visualization and reporting tools. Demonstrated ability to collaborate effectively with cross-functional teams and present data-driven recommendations to stakeholders.

💼 Employment History

SQL Analyst at Booz Allen Hamilton, VA

May 2023 - Present

- Developed a comprehensive SQL database system that streamlined data analysis processes, resulting in a 30% increase in efficiency and reducing data processing time by 25% for Booz Allen Hamilton's Virginia office.
- Successfully implemented automated data validation and error reporting procedures, which led to a 50% reduction in data discrepancies and improved overall data quality for critical decision-making processes.
- Led a team of 6 data analysts in the design and execution of a major data migration project, consolidating multiple disparate databases into a unified data warehouse, leading to a 40% reduction in data storage costs and simplifying data access for over 100 users.
- Designed and conducted advanced SQL training sessions for 50+ employees at Booz Allen Hamilton's Virginia office, increasing their proficiency in data analysis techniques and contributing to a 20% increase in productivity within the data analytics department.

Junior SQL Analyst at General Dynamics Information Technology, VA

Jul 2022 - Mar 2023

- Developed and optimized 50+ SQL queries, resulting in a 30% reduction in query execution time and improving overall system performance.
- Implemented a comprehensive database maintenance plan for 10+ databases, reducing downtime by 20% and ensuring data integrity for the company's critical information systems.
- Successfully managed the migration of 5 major databases from on-premises to cloud-based servers, leading to a 25% reduction in server costs and improved efficiency in data access.
- Trained and mentored a team of 3 new SQL analysts, increasing the department's productivity by 15% and fostering a collaborative work environment.

🎓 Education

Bachelor of Science in Data Analytics at George Mason University, Fairfax, VA
