

Briannah Arscott

SQL Database Developer

Profile

Dedicated SQL Database Developer with 1 year of experience in designing, implementing, and optimizing database systems. Proficient in writing complex SQL queries, creating stored procedures, and ensuring data integrity. Strong analytical and problem-solving skills with a keen eye for detail. Adept at collaborating with cross-functional teams to deliver high-quality solutions, improve processes, and drive business growth.

Employment History

Senior SQL Database Developer at IntraEdge, AZ

Apr 2023 - Present

- Successfully designed and implemented a database optimization strategy that improved query performance by 35% and reduced server load by 20%, leading to increased efficiency for IntraEdge clients in AZ.
- Developed and launched an automated data migration process that streamlined the integration of new client databases, resulting in a 50% reduction in time spent on manual data transfers and increasing customer satisfaction.
- Led a team of junior developers to successfully complete a complex SQL database project within a tight deadline, improving the company's reputation for delivering high-quality solutions on time and under budget.
- Identified and resolved over 100 critical database issues, ensuring a 99.9% uptime for IntraEdge's clients in AZ and maintaining the company's position as a reliable and trustworthy service provider.

Junior SQL Database Developer at Insight, AZ

Sep 2022 - Feb 2023

- Developed and implemented a database optimization plan that improved query response time by 35% and increased overall system efficiency for Insight, AZ.
- Successfully migrated over 1500 tables and 500 stored procedures to a new SQL server with zero downtime, ensuring seamless data access for all users at Insight, AZ.
- Created an automated reporting system using SQL Server Reporting Services (SSRS) that reduced manual report generation time by 60% and increased report accuracy for Insight, AZ stakeholders.
- Designed and implemented a database backup and recovery strategy that reduced data loss risks by 80% and ensured consistent and timely database backups for Insight, AZ.

Certificates

Microsoft Certified: Azure Database Administrator Associate

Aug 2021
