EMPLOYMENT HISTORY

Senior Structural Drafter at Gaylor Electric, IN

May 2023 - Present

- Successfully completed the drafting and design of a 50,000 sq ft commercial building project, resulting in a 20% reduction in construction time and saving the company \$500,000 in labor costs.
- Streamlined the drafting process by implementing new software tools and training the team, leading to a 30% improvement in overall efficiency and reducing project turnaround time by two weeks.
- Led a team of five drafters in the successful completion of a complex, multi-million dollar industrial facility project, which was completed on time and within budget, earning the company a repeat client and generating an additional \$2 million in revenue.

Junior Structural Drafter at American Structurepoint, IN

Jul 2022 - Mar 2023

- Successfully completed the drafting and design of over 30 structural projects within the first year, resulting in a 95% on-time project delivery rate and contributing to a 20% increase in company revenue.
- Streamlined the drafting process by implementing new software tools and techniques, reducing the average project completion time by 15% and increasing overall team productivity by 10%.
- Collaborated with a team of engineers and drafters to win a competitive bid for a major infrastructure project worth \$5 million, showcasing exceptional drafting skills and attention to detail.

EDUCATION

Associate of Applied Science in Structural Drafting at Ivy Tech Community College, Indianapolis, IN

Aug 2017 - May 2022

Relevant Coursework: AutoCAD, Revit, structural analysis, engineering graphics, building information modeling (BIM), blueprint reading, civil drafting, architectural drafting, steel detailing, and construction materials.

CERTIFICATES

Certified Structural Drafter (CSD)

Apr 2022

Autodesk Certified Professional: AutoCAD for Design and Drafting

Nov 2020
