EMPLOYMENT HISTORY

● Study Abroad Advisor at IES Abroad Seattle, WA

May 2023 - Present

- Successfully increased student enrollment in study abroad programs by 25% within two years, through targeted marketing campaigns and enhanced outreach efforts to local universities and colleges.
- Developed and implemented an improved pre-departure orientation program that resulted in a 40% decrease in reported student issues during their time abroad, leading to higher overall satisfaction ratings from participants.
- Established partnerships with five new universities across the Pacific Northwest region, increasing IES Abroad's presence and accessibility to a wider range of students seeking study abroad opportunities.

● Assistant Study Abroad Advisor at AFS-USA Intercultural Programs Washington, WA

Jul 2021 - Apr 2023

- Successfully increased the number of study abroad participants by 25% in one year through targeted marketing and outreach efforts, resulting in a record-breaking 200 students enrolled in AFS-USA programs in Washington, WA.
- Streamlined the application and placement process for students, reducing the average processing time by 40%, enabling more efficient and timely placements for over 150 students in international host families and schools.
- Developed and implemented a comprehensive pre-departure orientation program, leading to a 95% satisfaction rate among participating students and parents, and significantly improving student preparedness for their study abroad experience.
- Established partnerships with five new local high schools, increasing the visibility of AFS-USA programs within the community and contributing to a 30% growth in program inquiries from potential students and host families.
