Profile

Results-oriented Supply Chain Analyst with 1 year of experience in optimizing logistics, streamlining inventory management, and improving operational efficiency. Adept at data analysis, forecasting, and strategic planning to support business objectives. Skilled in cross-functional collaboration and problem-solving, with a strong commitment to driving continuous improvement in supply chain processes.

Employment History

Supply Chain Analyst at Flexport, MA

May 2023 - Present

- Successfully reduced annual logistics costs by 15%, or approximately \$1.2 million, through the implementation of strategic sourcing initiatives and optimization of transportation routes.
- Streamlined inventory management processes, leading to a 20% reduction in stock-outs and a 10% decrease in warehouse holding costs.
- Improved on-time delivery performance from 85% to 95% by collaborating with suppliers and carriers, enhancing the company's reputation for reliability and customer satisfaction.

Associate Supply Chain Analyst at Raytheon Technologies, MA

Aug 2022 - Apr 2023

- Implemented a demand forecasting model that increased forecast accuracy by 20%, resulting in a 15% reduction in inventory carrying costs and a savings of \$2 million annually.
- Streamlined the procurement process by identifying inefficiencies and implementing cost-saving measures, leading to a 10% reduction in lead times and a 5% decrease in purchasing costs, saving the company \$1.5 million per year.
- Developed and executed a supplier performance evaluation program, which led to a 25% improvement in on-time delivery rates and a 30% reduction in supplier-related quality issues, contributing to an overall savings of \$3 million annually.
- Successfully managed a cross-functional team to redesign the warehouse layout, increasing storage capacity by 30% and improving picking efficiency by 20%, resulting in a 15% reduction in labor costs and annual savings of \$1 million.
