

Quinn Hemmeter

Surgical Nurse

Profile

Dedicated Surgical Nurse with 2 years of experience in providing exceptional patient care in fast-paced surgical environments. Proficient in preparing operating rooms, assisting surgeons, and ensuring patient safety during procedures. Strong team player with excellent communication skills and a commitment to continuous professional development.

Employment History

Surgical Nurse at ChristianaCare, DE

Feb 2023 - Present

- Successfully managed the care of over 1,500 patients undergoing various surgical procedures, ensuring their safety and comfort throughout the process.
- Streamlined preoperative and postoperative workflows, resulting in a 20% increase in efficiency and reducing patient wait times by an average of 15 minutes.
- Collaborated closely with a team of surgeons, anesthesiologists, and other healthcare professionals to successfully complete over 200 complex surgeries with minimal complications.
- Implemented new surgical site infection prevention protocols, leading to a 30% reduction in postoperative infections and contributing to improved patient outcomes.

Registered Nurse - Surgical Unit at Bayhealth Medical Center, DE

Sep 2021 - Jan 2023

- Successfully managed the post-operative care of over 1,500 patients within a year, ensuring timely administration of medications, accurate monitoring of vital signs, and effective pain management, resulting in a 98% patient satisfaction rate.
- Collaborated with an interdisciplinary team of physicians, nurse practitioners, and support staff to reduce surgical site infection rates by 25% over a two-year period, implementing evidence-based practices such as preoperative skin antisepsis and antibiotic prophylaxis.
- Spearheaded a quality improvement project that led to a 30% reduction in medication errors on the surgical unit within six months, through the implementation of standardized protocols, staff education, and ongoing audits.
