HOBBIES

PROFILE

Dedicated Surgical Technician with 2 years of experience in providing exceptional support to surgical teams. Proficient in preparing operating rooms, maintaining aseptic environments, and assisting with surgical procedures. Demonstrated ability to quickly adapt to new surgical techniques and technologies, ensuring optimal patient care and safety. Strong communication and collaboration skills, contributing to smooth surgical operations and positive patient outcomes.

EMPLOYMENT HISTORY

● Surgical Technician at Presbyterian Healthcare Services, NM

Apr 2023 - Present

- Successfully assisted in over 1,500 surgical procedures, maintaining a 99% rate of surgeon satisfaction and contributing to the hospital's overall success in delivering high-quality patient care.
- Streamlined the pre-operative setup process, reducing average setup time by 20% and improving overall efficiency in the operating room, which led to a 15% increase in the number of surgeries performed per day.
- Implemented a comprehensive inventory management system for surgical supplies, resulting in a 30% reduction in supply waste and a 10% decrease in annual supply costs for the department.

● Surgical Technician Assistant at , NM

Sep 2021 - Mar 2023

- Assisted in over 1,000 surgical procedures, ensuring timely and efficient setup of operating rooms, resulting in a 98% on-time surgery start rate.
- Successfully maintained a 100% sterile environment during surgeries, contributing to a 50% decrease in post-operative infections in the facility over a two-year period.
- Streamlined surgical equipment inventory management, reducing supply costs by 15% and increasing availability of critical tools by 20%.
- Trained and mentored six new Surgical Technician Assistants, improving overall team efficiency by 25% and reducing training time by 30%.
