## HOBBIES

## EMPLOYMENT HISTORY

### ● Sybase Developer at Gartner, Inc., CT

Feb 2023 - Present

- Developed and implemented a database optimization strategy for a major client, resulting in a 35% improvement in query performance and reducing average response time by 20%.
- Successfully migrated over 500GB of critical data from legacy Sybase systems to modern platforms for a large enterprise project, ensuring 99.9% data integrity and minimizing downtime to under 3 hours.
- Led a team of developers in the design and deployment of a highly scalable Sybase-based application for a key client, which increased their operational efficiency by 25% and generated annual cost savings of \$1.2 million.

### ● Junior Sybase Developer at Cigna, CT

Aug 2022 - Dec 2022

- Developed and optimized a critical database application, resulting in a 30% increase in performance and reducing query response times by 15% for Cigna's customer service team in CT.
- Successfully migrated and upgraded the Sybase database from version 15.7 to 16.0, ensuring seamless data transition and minimal downtime, ultimately improving system stability and performance for over 5,000 users.
- Led a team of three developers to design and implement a new reporting module for the finance department, increasing report generation efficiency by 40% and reducing manual errors by 20%.

## EDUCATION

### Bachelor of Science in Information Technology with a focus on Sybase Development at University of Connecticut, Storrs, CT

Sep 2018 - May 2022

Relevant Coursework: Database Management Systems, Sybase Development, SQL Programming, Information Systems Analysis and Design, Data Warehousing, Network Administration, Cybersecurity, Software Engineering, Web Development, and Project Management.

## CERTIFICATES

### Sybase Certified Adaptive Server Enterprise (ASE) Developer

Feb 2022

### Sybase PowerBuilder Developer Professional Certification

Sep 2020
