## PROFILE

Dedicated Test Manager with 5 years of experience in overseeing diverse testing projects, optimizing test processes, and ensuring high-quality deliverables. Proficient in test planning, team management, and defect tracking, with a proven track record of implementing effective test strategies and improving overall test efficiency. Adept at collaborating with cross-functional teams and fostering a culture of continuous improvement to drive product excellence.

## EMPLOYMENT HISTORY

### ● Test Manager at Cerner Corporation, KS

Apr 2023 - Present

- Led a team of 20 QA engineers in successfully executing over 500 test cases for Cerner's flagship Electronic Health Records (EHR) software, resulting in a 25% reduction in critical defects and contributing to a 15% increase in overall client satisfaction.
- Managed the implementation of a new automated testing framework, reducing manual testing efforts by 40% and shortening the overall testing cycle by 20%, leading to improved efficiency and faster delivery of high-quality software updates to clients.
- Developed and implemented a comprehensive test strategy for Cerner's Revenue Cycle Management solution, ensuring compliance with industry regulations and client requirements, leading to a 30% reduction in post-release issues and a 10% increase in customer retention.

### ● Senior Test Engineer at NetApp, KS

Sep 2018 - Mar 2023

- Led a team of 5 engineers in designing and executing over 300 test cases for a major storage product, resulting in a 40% increase in overall product performance and stability.
- Successfully identified and resolved 150+ critical software defects in the data storage platform, reducing system downtime by 25% and increasing customer satisfaction by 30%.
- Streamlined the testing process by implementing automated testing tools and methodologies, increasing test efficiency by 50% and reducing manual testing efforts by 35%.
- Collaborated with cross-functional teams to achieve a 20% reduction in the average time to market for new product releases, contributing to a 15% increase in annual revenue for the company.
