Profile

Dedicated Transplant Coordinator with 2 years of experience in managing and coordinating organ transplant processes. Proficient in patient education, pre-transplant assessment, and post-transplant care. Demonstrates excellent communication and organizational skills, ensuring a seamless process for patients and medical teams. Committed to providing compassionate care and advocating for organ donation awareness.

Employment History

Transplant Coordinator at Mississippi Organ Recovery Agency, MS

Apr 2023 - Present

- Successfully coordinated 50 organ transplant surgeries within a year, ensuring timely and efficient allocation of organs to suitable recipients, resulting in a 95% success rate in patient recovery.
- Streamlined communication processes between donor families, medical professionals, and transplant centers, reducing response times by 30% and significantly improving the overall organ transplantation process.
- Implemented a comprehensive donor education program that reached over 1,000 individuals in the Mississippi area, leading to a 20% increase in registered organ donors within a 12-month period.

Assistant Transplant Coordinator at University of Mississippi Medical Center, MS

Jul 2021 - Mar 2023

- Successfully managed and coordinated over 150 transplant cases within a year, resulting in a 20% increase in successful transplants compared to the previous year at the University of Mississippi Medical Center.
- Streamlined the transplant patient evaluation process by implementing a new electronic tracking system, reducing patient wait times by 30% and increasing patient satisfaction rates by 25%.
- Developed and led a comprehensive training program for new staff members, which increased overall team efficiency by 15% and reduced the onboarding time by 50%.
- Collaborated with multidisciplinary teams to optimize organ allocation, contributing to a 10% increase in the number of organs procured and a 5% reduction in organ wastage.
