## HOBBIES

## PROFILE

Transportation Analyst with 1 year of experience in optimizing logistics operations, streamlining processes, and reducing transportation costs. Adept at data analysis, route planning, and identifying cost-saving opportunities. Strong communication and problem-solving skills, committed to enhancing efficiency and sustainability within the transportation sector.

## EMPLOYMENT HISTORY

### ● Transportation Analyst at C.H. Robinson, GA

Apr 2023 - Present

- Successfully reduced transportation costs by 15% within the first year at C.H. Robinson, GA, through the implementation of innovative route optimization strategies and negotiation of carrier contracts, resulting in annual savings of over \$1 million.
- Streamlined communication processes between shippers, carriers, and internal teams, leading to a 25% increase in on-time deliveries and a 10% improvement in customer satisfaction ratings within 18 months.
- Led a cross-functional team in the development and launch of a new transportation management software, contributing to a 30% reduction in manual data entry tasks and a 20% increase in operational efficiency across the department.

### ● Associate Transportation Analyst at J.B. Hunt Transport Services, GA

Sep 2022 - Feb 2023

- Successfully optimized delivery routes for a fleet of 50 trucks, resulting in a 15% reduction in fuel costs and saving the company \$75,000 annually.
- Implemented a new transportation management system that increased operational efficiency by 20%, leading to a 10% reduction in overall transportation costs and a savings of \$200,000 per year.
- Conducted a comprehensive analysis of carrier performance data, leading to the identification and negotiation of new contracts with preferred carriers, which resulted in a 5% reduction in shipping rates and an annual savings of \$50,000.
- Led a team of analysts to redesign the company's distribution network, consolidating three regional distribution centers into two strategically located facilities, ultimately reducing warehouse operating costs by 25% and saving \$300,000 annually.
