Profile

Results-driven Transportation Operations Manager with 5 years of experience in optimizing logistics processes and streamlining workflow. Demonstrated ability to reduce transportation costs, improve efficiency, and ensure on-time delivery. Skilled in managing cross-functional teams, building strategic partnerships, and implementing data-driven decision-making. Commitment to safety, compliance, and continuous improvement. Strong background in leveraging technology to enhance overall transportation operations.

Employment History

Transportation Operations Manager at Ruan Transportation Management Systems, IA

May 2023 - Present

- Successfully reduced overall transportation costs by 15% through route optimization and strategic scheduling, resulting in annual savings of over \$500,000 for Ruan Transportation Management Systems.
- Implemented a comprehensive driver training program, leading to a 20% increase in driver retention and a 10% reduction in accidents within the first year of implementation.
- Streamlined communication between dispatchers and drivers, resulting in a 25% increase in on-time deliveries and a 50% reduction in customer complaints related to delivery delays.
- Led the integration of a new fleet management software system, improving overall efficiency by 30% and reducing administrative workload by 40%.

Assistant Transportation Operations Manager at CRST International, IA

Sep 2018 - Mar 2023

- Successfully reduced transportation costs by 15% within the first year of joining CRST International, IA, by optimizing routes, streamlining processes, and improving fuel efficiency.
- Implemented a new technology system that increased on-time delivery rates from 89% to 95%, resulting in enhanced customer satisfaction and a 10% increase in repeat business.
- Led a team of 50 employees, achieving a 20% reduction in employee turnover rates through effective training, performance management, and fostering a positive work environment.
