

Tiara Schatzle

Utilization Review Nurse

Profile

Highly skilled Utilization Review Nurse with 2 years of experience in ensuring efficient and effective utilization of medical services for optimal patient outcomes. Proficient in conducting clinical reviews, collaborating with healthcare teams, and implementing evidence-based practices. Strong communication and analytical abilities, with a proven track record of maintaining regulatory compliance and improving patient care quality. Demonstrated expertise in case management, discharge planning, and continuous process improvement. Dedicated to promoting patient-centered care and cost-effective healthcare solutions.

Employment History

Utilization Review Nurse at Nevada Utilization Review Services, NV

Mar 2023 - Present

- Successfully reduced hospital readmission rates by 15% within one year through the implementation of comprehensive care plans and effective communication with healthcare providers.
- Conducted thorough utilization reviews for over 300 patients per month, ensuring appropriate level of care and adherence to medical necessity criteria, resulting in a 20% decrease in non-compliant cases.
- Streamlined the utilization review process by collaborating with a team of nurses to develop and implement new documentation procedures, reducing administrative time by 25%.

Utilization Review Nurse I at Anthem Blue Cross Blue Shield of Nevada, NV

Sep 2021 - Jan 2023

- Successfully reduced hospital readmission rates by 20% in 2019 by conducting thorough utilization reviews, coordinating with healthcare providers, and implementing targeted care plans for high-risk patients.
- Streamlined the utilization review process, leading to a 30% reduction in time spent on each case, resulting in a 15% increase in the number of cases reviewed per week in 2020.
- Identified over \$500,000 in potential cost savings for the company in 2018 by working closely with healthcare providers to ensure appropriate utilization of services and recommending alternative, cost-effective treatment options.
