Dutch

## HOBBIES

## PROFILE

A dedicated Vascular Technician with 2 years of experience, skilled in performing non-invasive vascular examinations and providing accurate diagnostic results. Proficient in utilizing advanced ultrasound equipment, interpreting test results, and collaborating with medical professionals to deliver high-quality patient care. Proven ability to maintain a strong rapport with patients while adhering to safety protocols and ethical standards. Committed to ongoing professional development and staying current with industry advancements.

## EMPLOYMENT HISTORY

### ● Vascular Technician at Sanford Health, ND

Feb 2023 - Present

- Successfully performed over 500 vascular ultrasound examinations within a year, leading to accurate diagnoses and appropriate treatments for patients with vascular disorders.
- Streamlined the department's workflow by implementing new scheduling and documentation processes, resulting in a 20% increase in efficiency and patient satisfaction scores.
- Collaborated with a team of vascular surgeons and interventional radiologists to develop a comprehensive care plan for 250 patients with peripheral arterial disease, leading to a 15% reduction in amputation rates.
- Trained and mentored three new Vascular Technicians, contributing to an overall 30% increase in the department's capacity to handle a growing patient population.

### ● Vascular Technologist at Altru Health System, ND

Jul 2021 - Jan 2023

- Successfully implemented a new vascular ultrasound protocol, leading to a 20% increase in patient throughput and reducing appointment wait times by two weeks.
- Conducted over 2,000 vascular examinations annually with a 98% accuracy rate, surpassing the department's goal of 95%.
- Trained and mentored four junior technologists, improving their skills and contributing to a 15% decrease in examination errors within the team.
- Collaborated with a multidisciplinary team to develop and implement a comprehensive vascular screening program, resulting in early detection and treatment for 50 patients at risk for peripheral artery disease.

## CERTIFICATES

### Registered Vascular Technologist (RVT)

Nov 2021

### Certified Vascular Sonographer (CVS)

Jul 2020
