Asset Protection Coordinator

## Profile

As an Asset Protection Coordinator with over a year of experience, I successfully implemented and managed asset protection strategies in a fast-paced retail environment. My dedication to loss prevention and commitment to conducting regular audits and inventory checks led to a significant reduction in shrinkage and contributed to the overall profitability of the store. I consistently collaborated with cross-functional teams to develop and implement best practices that effectively deterred theft and ensured the safety of both employees and customers. With strong communication skills and a keen eye for detail, I adeptly identified potential risks and developed proactive solutions to mitigate them. My experience as an Asset Protection Coordinator has equipped me with the skills and knowledge to make a valuable impact in a similar role.

## Employment History

### Asset Protection Coordinator at Walmart, NE

Mar 2023 - Present

- Successfully reduced inventory shrinkage by 15% within the first year of employment, resulting in a savings of approximately \$200,000 for the Walmart NE store.
- Implemented a comprehensive employee training program on theft prevention and asset protection, leading to a 30% decrease in internal theft incidents and improved overall store security.
- Conducted over 500 audits of high-risk departments and merchandise, identifying and correcting compliance issues, which contributed to a 20% reduction in overall store losses.

### Associate Asset Protection Coordinator at Target, NE

Jul 2022 - Feb 2023

- Successfully reduced store shrinkage by 15% over a 12-month period through the implementation of effective loss prevention strategies, resulting in a savings of \$200,000 for the Target NE location.
- Conducted thorough investigations into 50+ cases of internal and external theft, leading to the recovery of over \$75,000 worth of merchandise and the prosecution of 30 individuals.
- Developed and implemented comprehensive training programs for 100+ store employees, increasing overall awareness of asset protection policies and procedures, which contributed to a 10% decrease in inventory discrepancies.
