Profile

As a clinical pharmacist with over 2 years of experience, I consistently demonstrated a strong ability to optimize patient care by providing medication therapy management, drug information and education, and interdisciplinary collaboration. I effectively identified and resolved medication-related problems, ensuring safe and appropriate medication use for a diverse patient population. My proficiency in conducting comprehensive medication reviews, drug utilization reviews, and patient counseling, coupled with a deep understanding of evidence-based medicine, enabled me to successfully contribute to improved patient outcomes. As a dedicated healthcare professional, I continually sought opportunities to expand my knowledge and skills through ongoing professional development, ultimately enhancing the level of care provided to my patients.

Employment History

Clinical Pharmacist at Hawaii Pacific Health, HI

Mar 2023 - Present

- Implemented a medication therapy management program that improved patient adherence to medications by 35%, resulting in a decrease in hospital readmissions by 20% within one year.
- Developed and led a team of pharmacy technicians in the successful launch of a new outpatient pharmacy, increasing prescription volume by 50% and generating an additional \$1.2 million in annual revenue for Hawaii Pacific Health.
- Collaborated with interdisciplinary healthcare teams to optimize the use of high-cost medications, achieving a cost savings of \$500,000 annually while maintaining or improving patient outcomes.

Associate Clinical Pharmacist at Kaiser Permanente Hawaii, HI

Aug 2021 - Feb 2023

- Implemented a new medication therapy management program for high-risk patients, resulting in a 25% reduction in hospital readmissions and a 15% decrease in emergency department.
