EMPLOYMENT HISTORY

- **Master Watchmaker at Arizona Fine Time, AZ**

May 2023 - Present

- Successfully restored and serviced over 1,000 luxury timepieces within a year, consistently exceeding customer satisfaction targets by 95% and contributing significantly to the reputation of Arizona Fine Time as a leading watch service provider.
 - Developed and implemented a streamlined process for watch diagnostics and repair, reducing average service turnaround time by 30%, leading to increased customer retention and positive word-of-mouth referrals.
 - Trained and mentored five junior watchmakers, resulting in a stronger team with improved efficiency and a 20% increase in overall productivity, enabling Arizona Fine Time to expand its client base and services offered.
- **Watchmaker Apprentice at Atelier de Chronométrie Scottsdale, AZ**

Aug 2018 - Apr 2023

- Assisted in the restoration of over 50 vintage timepieces, including rare and high-value models, contributing to a 30% increase in annual revenue for Atelier de Chronométrie Scottsdale.
 - Played a key role in reducing average repair time by 25%, from 4 weeks to 3 weeks, by streamlining processes and improving communication between team members, resulting in higher customer satisfaction rates.
 - Successfully completed a rigorous 6-month training program under the guidance of a Master Watchmaker, acquiring invaluable skills in precision assembly, disassembly, and fine-tuning of mechanical watches.
 - Participated in the creation and launch of a limited-edition timepiece collection, which sold out within three months and generated a 20% boost in overall sales for the company.
