123 Maple Street, Salt Lake City,
UT 84101

Education

**Associate of Applied Science
in Welding Technology at
Dixie State University, St.
George, UT**

Sep 2017 - May 2021

Relevant Coursework:
Blueprint Reading, Metallurgy,
Fabrication Techniques,
Shielded Metal Arc Welding
(SMAW), Gas Tungsten Arc
Welding (GTAW), Gas Metal Arc
Welding (GMAW), Flux Cored
Arc Welding (FCAW), Welding
Inspection and Testing, Welding
Safety, and Pipe Welding.

Skills

Ultrasonic Testing

Radiographic Interpretation

Magnetic Particle Inspection

Dye Penetrant Examination

Visual Inspection Techniques

Welding Procedure Evaluation

Metallurgical Analysis

Employment History

Senior Welding Inspector at Welding Inspection Services Utah, UT

Mar 2023 - Present

- Successfully led the inspection team in a major pipeline project spanning 500 miles, ensuring 100% compliance with industry standards and resulting in zero defects or incidents post-completion.
- Streamlined the inspection process across multiple worksites, reducing inspection time by 30% and increasing overall efficiency, leading to a 15% reduction in project completion time and significant cost savings for clients.
- Identified and resolved over 200 critical welding defects in a large-scale industrial facility, preventing potential structural failures and improving overall safety standards, ultimately saving the client an estimated \$5 million in potential damages and downtime.

Junior Welding Inspector at Utah Certified Welding Inspection, UT

Jul 2021 - Feb 2023

- Successfully inspected and certified over 150 welding projects within the first year, ensuring compliance with relevant safety standards and regulations.
- Streamlined inspection processes by implementing a digital documentation system, reducing report turnaround time by 30% and increasing overall efficiency.
- Identified and addressed potential safety hazards in 20+ welding sites, resulting in zero accidents or incidents throughout tenure at Utah Certified Welding Inspection, UT.
- Collaborated with a team of inspectors to complete a major infrastructure project on time and within budget, involving the inspection of over 500 welds and ensuring the structural integrity of the final product.

Certificates

Certified Welding Inspector (CWI) from the American Welding Society (AWS)

Oct 2021

Certified International Welding Inspector (IWI) from the International Institute of Welding (IIW)
