Profile

Results-oriented Welding Supervisor with 5 years of experience in overseeing and managing welding projects. Proficient in ensuring compliance with safety regulations, maintaining equipment, and streamlining work processes to improve productivity. Proven track record in leading skilled teams to deliver high-quality, on-time projects while maintaining a strong focus on client satisfaction. Demonstrated ability to foster a collaborative work environment and train new welders to meet industry standards.

Employment History

Welding Supervisor at Lincoln Industries, NE

Apr 2023 - Present

- Successfully supervised and completed over 50 large-scale welding projects within a year, resulting in a 20% increase in revenue for Lincoln Industries, NE.
- Implemented a new safety training program for the welding team, leading to a 30% reduction in workplace injuries and a 15% increase in overall productivity.
- Streamlined the welding process by introducing advanced equipment and techniques, reducing project completion time by an average of 25% while maintaining high quality standards.

Assistant Welding Supervisor at Valmont Industries, NE

Sep 2018 - Feb 2023

- Successfully managed a team of 10 welders, resulting in a 15% increase in overall productivity and efficiency within the department.
 - Implemented a new welding technique that reduced material waste by 20% and saved the company \$50,000 annually in raw material costs.
 - Trained and mentored 5 new hires, who went on to become highly skilled welders and valuable contributors to the team.
 - Collaborated with the engineering department to develop and implement a new welding fixture, which improved product quality by 10% and increased production rates by 5%.
-
